Vol. X of the "Scientific American" commences on the 16th of September It is chiefly devoted to the advancement of the interests of Mechanics, Inventors, Manufacturers and Farmers, and is edited by men practically skilled in the arts and sciences. Probably no other joural of the same character is so extensively circulated, or so generally esteemed for its practical ability. Nearly all the Valuable Patents which saue weekly from the Patent Office are illustrated with Engravings, and the claims of all the Patents with Engravings, and the claims of all the Patents are published regularly in its columns as they are issued, thus making it a perfect Scientific and Mechanical Encyclopedia of information upon the subjects of Mechanical Improvements, Chemistry, Engineering and the Sciences generally. It is published Weekly in quarto form suitable for hinding, and each Volume contains 416 Pages of Reading Matter, Several Hundred Engravings, with a full and complete Index. Its circulation on the last Volume exceeded 28,000 copies per week and the practical receipts in one volume week, and the practical receipts in one volume are worth to any family much more than the sub-

cription price.

Mr. Bennett—We take pleasure in stating that your Yellow Dock and Sarsaparilla gives great satisfaction in every case.

A very respectable gentleman informed me that his daughter was troubled with difficult menotration and other diseases peculiar to her sex. She had not had her regular menstrual discharge for long time; but by the use of Dr. Guyacit's Pallow Dock and Sarsaparilla was radically cured. She used Townsend's and others without receiving the slightest benefit. He had one daughter die from the same cause.
